INDICATORS FOR ASSESSING DESERTIFICATION IN THE MEDITERRANEAN

Proceedings of the International Seminar held in Porto Torres, Italy 18-20 September, 1998

Under the auspices of

Ministero della Ricerca Scientifica
Università degli Studi di Sassari
Università degli Studi di Cagliari
Ente per le Nuove Tecnologie, l’Energia e l’Ambiente
United Nations Convention to Combat Desertification

Nucleo Ricerca Desertificazione
Università di Sassari
Editors

G. Enne
M. D’Angelo
C. Zanolla

Supported by

A.N.P.A. Dipartimento Strategie Integrate, Promozione, Comunicazione.
Via V. Brancati, 48 – I-00144 Rome (Italy)
Telephone: +39 0650072155    fax: +39 0650072258
E-mail: cantoni@anpa.it

Scientific Secretariat

Nucleo Ricerca Desertificazione - University of Sassari
Via E. De Nicola 9, I-07100 Sassari (Italy)
telephone: + 39 079 229304    fax: + 39 079 229302
E-mail: nrd@ssmain.uniss.it
Contents

Foreword

Comments on the methodology for determining impact indicators
T. Mendizabal

Intervention du Secrétariat de la Convention des Nations Unies sur la Lutte contre la Désertification (UNCCD)
A. Cissoko

History of desertification in the European Mediterranean
N. Yassoglou

From national monitoring to European reporting: the EEA framework for policy relevant environmental indicators
A.R. Gentile

Combatting desertification in the context of SMAP/Euro-Mediterranean partnership
A. Mourmouris

FAO actions to support the Convention to Combat Desertification
M. Malagnoux and D. Lantieri

Climatic indicators for desertification monitoring
G. Maracchi, A. Di Vecchia, T. De Filippis, B. Gozzini, F. Meneguzzo, V. Tarchiani, P. Vignaroli and G. Zipoli

Space remote sensing for monitoring climatic changes indicators
M. Viel and M. Raimondi

Water resources availability in relation to the threat for further degradation in the Mediterranean region: need for quantitative and qualitative indicators
A. Angelakis and C. Kosmas

Indicators of desertification risks and quality indices of water reuse for irrigation
S. Vacca, A. Virdis, A. Viola and A. Aru

Qualitative indicators of desertification
C. Kosmas
Agricultural practices and soil fertility degradation
G. Fierotti and C. Zanchi

Indicators of soil consumption by urbanisation and industrial activities
S. Sommer, S. Loddo and R. Puddu

Indicators of degradation in montados/dehesas
V. Louro and E.M. Sequeira

Degradation processes in the Agri basin: evaluating environmental sensitivity to desertification at basin scale
F. Basso, A. Bellotti, E. Bove, S. Faretta, A. Ferrara, G. Mancino, M. Pisante, G. Quaranta and M. Taberner

Grazing intensity as an index of degradation in semi-natural ecosystems: the case of Psilorites Mountain in Crete
V.P. Papanastasias

Indicators of degradation in agroecosystems
I. Camarda

Indicators of degradation in semi-arid Mediterranean agroecosystems of southeastern Spain
F. Lopez-Bermudez and G. G. Barbera

Indicators of land use intensity in agropatral ecosystems
G. Pulina, M. d’Angelo, S. Madrau, C. Zucca and G. Enne

Biodiversity indicators of desertization
C. Sorlin and V. Amadio

Fish biodiversity change in Mediterranean sea as tropicalization phenomenon indicator
F. Andaloro and A. Rinaldi

Desertification and migration in the Mediterranean: an analytical framework
A. Goria

The role of social enquiry in the structuring of environmental issues: water degradation in the Agrolid Valley, Greece
M. Lemon and S. van der Leeuw
The role of information in the implementation of the global Conventions and to combat desertification
G. Borrelli and M. Sciortino

240

Combatting desertification: an overview of EU activities (summary)
D. Peter and P. Balabanis

247

The RESMEDES Project: remote sensing of Mediterranean desertification and environmental stability
H. J. Bolle

251

Limits to the current research on indicators and perspectives on their future use: the role of the MEDALUS Project
J. Brandt, J. Thornes and A. Imeson

261

Global Conventions implementation in the Mediterranean Basin: towards the Italian National Conference on Energy and Environment
F. Mauro

266

A R&D strategy to assess the risk of desertification and to develop mitigation actions in eastern Spain
R. Vallejo, I. Serrasolses and J. A. Allonza

268

ARSGISIP: an EU project for the sustainable land and water resource management throughout Europe

273

Assessing self-bioremediation potential (soil resilience) of degraded Mediterranean soils through enzymes and organic matter evolution
B. Ceccanti, M. Coluccia, G. Gaggio, G. Masciandaro, W. Menicocci and V. Ronchi

278

Design and optimization of a fully-authomatized micro-fertigation system for the recycling of wastewaters in arid soils
C. Bitossi, B. Ceccanti, M. Coluccia, G. Gaggio and G. Masciandaro

284

Desertification: comparison and management of phenomenon between Tunisia and Sardinia
M. Talbi, A. Marini and B. Scatafassi

290

Soil quality indicators for the assessment of the risk of desertification in Mediterranean ecosystems
F. Pinzari, A. Trincherà, A. Benedetti

294
